

LICENSE TO PUBLISH

Manuscript ID #: _____

Manuscript Title: _____

Author(s): _____

Prior to publication of your article, we require your written permission to publish your accepted article in the *Canadian Geriatrics Journal*. Please review and complete the form, which is due upon acceptance of your article. By providing your signature below, you acknowledge you and your co-authors acceptance to and/or certification of the following:

LICENSE TO PUBLISH: The author(s) hereby grant an exclusive license to the Canadian Geriatrics Society (CGS), which provides the CGS the exclusive rights listed below. For multi-authored articles, you confirm that you are authorized by your co-authors to enter this license on their behalf (the Author(s)). By providing your signature below, you acknowledge the Author(s)' acceptance and/or certification of the following rights:

- To publish the final version of the Article in the *Canadian Geriatrics Journal* (CGJ).
- To reproduce, distribute, display, and store the Article, in print, electronic, or any other format or medium now known or developed in the future.
- To translate the Article into other languages, create adaptations, reprints, include within collections and create summaries, extracts and/or, abstracts of the Article, or to create any other derivative work(s) based on the Article.
- To deposit copies of the Article in online archives maintained by the CGS, or by third parties authorized by the CGS.
- To grant licenses to third parties to do any or all of the above.
- To re-license the Article and related metadata without restriction in online archives maintained by the CGJ, or by third parties authorized by the CGS.

AUTHORSHIP RESPONSIBILITIES: The Author(s) warrant and represent that:

- You are the Author(s) and sole owner(s) of the copyright and have not previously assigned copyright or granted a license to any other third party.
- The Author who has signed this Agreement has full right, power and authority to enter into this Agreement on behalf of all of the Authors.
- This Article, in its entirety, is original and that none of the material in the manuscript has been previously published, is included in another manuscript, or is currently under consideration for publication elsewhere. Any reference to or use of previously published material is explicitly acknowledged in the manuscript and the authors have obtained permissions where necessary. Permissions must be provided and attached to this agreement.
- Nothing in the Article is obscene, defamatory, libelous, violates any privacy rights, infringes any intellectual property rights, or any other human, personal, or other rights of any third party.

OWNERSHIP: The ownership of copyright in the Article remains with the Author(s), and provided that, when reproducing the Article or extracts from it, that the Authors(s) acknowledge and reference this first publication in the CGJ, the Author(s) retain the following non-exclusive rights:

- The right after publication of the Article in the CGJ, to use all or part of the Article in compilations or other publications of the Author's works, to use figures and tables created by them and contained in the Article, and to make copies of all or part of the Article for the Author's use for lectures, classroom instruction, or similar uses, provided it is for non-commercial use.
- To deposit their submitted Article (pre-print), accepted Article (post-print) or final published version (version of record), to an institutional repository, his/her/their own website, and/or centrally organized repositories, provided that upon publication, the Article Version of Record is acknowledged with a note or citation that includes author, year of publication, article title, journal title, digital object identifier (DOI), and a hyperlink to the Article Version of Record on the Journal website. The CGS sends all articles published in the CGJ immediately upon online publication, without further intervention from the author, to PubMed Central (PMC), the National Library of Medicine's full text article archive. Manuscripts deposited to PMC are freely available to the public, via the Internet, upon publication in the journal.

CREATIVE COMMONS OPEN ACCESS AGREEMENT: All articles published in the CGJ are open access and distributed under a [Creative Commons Attribution-NonCommercial-NoDerivatives 4.0 International License](https://creativecommons.org/licenses/by-nc-nd/4.0/), which permits unrestricted non-commercial use and distribution, provided the original work is properly cited. CGJ readers are entitled to use, reproduce, distribute, or display these articles provided that:

- the original authorship is properly and fully attributed;
- the journal and publisher (Canadian Geriatrics Society) are attributed as the original place of publication with the correct citation details provided; and
- no articles are reproduced for commercial use without the prior consent of the Canadian Geriatrics Society and payment of the appropriate fee.

Signed for on behalf of the Authors (please print name): _____
